DETAILED ACTION

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance: Claims 1-7 are allowable. The prior art of record broadly discloses methods of estimating joint movement. These methods utilize reaction forces to calculate moments at ankle, hip, and knee joints. However none of the prior art on record explicitly teaches setting a posture leg coordinate system to the leg plane, changing it with respect to a body coordinate system set to the walking body, and measuring hip displacement amounts about three axes using acceleration wherein the plane passes through the leg at the three joints. Therefore, the above limitations as incorporated into independent claim 1, define patentability over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Renee Danega whose telephone number is (571)270-3639. The examiner can normally be reached on Monday through Thursday 8:30-5:00 eastern time.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Max Hindenburg can be reached on (571) 272-4726. The fax phone
